Vote for Cleveland and Hendricks next Tuesday.

THE Presidential election will be held next Tuesday, November 4th.

The name of the next President of the United States is Grover Cleveland.

MR. HENDRICKS is confident that Indiana will give a Democratic majority.

AFTER next Tuesday the tariff spook will hide away in a dark hole for another year.

"Ker the flag flying; die, but never surrender," are the watch words of the Democracy.

THE *Herald* and *World* assure us that New York is absolutely safe for Cleveland and Hendricks.

JIM BLAINE may sport a feather in his cap, but he will never carry G. W.'s little hatchet in his belt.

THE total vote cast at the late election in Ohio was 786,217—the largest ever given in the State.

A DEMOCRATIC Congress will have something to say about the Republican frauds in Cincinnati and Toledo.

GOV. HENDRICKS is confident that Indiana will give one of her old-time Democratic majorities next Tuesday.

ROBINSON, although elected Secretary of State, has a majority against him of 3,345. Surely he has nothing to brag of.

IS the midst of plenty the people are complaining of hard times. The remedy is to turn the Republican party out of power.

As a result of Blaine's "bloody-shirt" campaign, negroes in North Carolina are engaged in disturbing Democratic meetings.

THE Democrats in nearly every township in Knox county, promise to do better at the November than at the October election.

THE Blaine hippodrome has closed its season in Indiana, and now the Democrats will go to work and carry the State.

THE sporting men of Baltimore are betting \$1,000 to \$500 that Cleveland will carry New York, and will be the next President.

IN Utica, N. Y., thirty-four Republicans of the bar have declared for Cleveland. And this is only in one New York city.

MARSHAL WRIGHT and his imported gang of ruffians, who bossed the election in Cincinnati, will be indicted and prosecuted.

OLD KNOX can and will give 300 majority for Cleveland and Hendricks next Tuesday, if every voter opposed to Blaine turns out to the polls.

"GATH," the principal Republican editor for the Cincinnati *Enquirer*, admits that Blaine is growing weaker and Cleveland stronger every day.

TAKE their so-called "gains" in the large cities, obtained by fraud and rascality, from the Republican column, and Ohio is a Democratic State.

THE Republicans are alarmed about Iowa, and they have had John A. Logan there for over a week past to "fire the hearts" of the inkhorn and doubtful.

THE people of this country want peace and prosperity. The attempt of Blaine to revive the bloody shirt in the late civil war is execrable in the extreme.

As the election draws nearer, the Democratic prospects are becoming brighter and brighter every day. Blaine, the corruptionist, will never be President of the United States.

DEMOCRATS, talk to your conscientious Republican neighbor, and endeavor to convince him that duty and interest alike should prompt him to vote for Cleveland and Hendricks.

IF mechanics and laboring men want better times and better wages, they must vote for a change of rulers. The Republican party has been in power too long for the good of the country.

SINCE the cold blooded murder of Martin Gorman, an Irish policeman in Cincinnati by negro Deputy Marshals, the *Enquirer* says that not an Irishman in that city will vote for Blaine.

A CHANGE of three votes in every voting precinct in Ohio will insure the vote for Cleveland and Hendricks on the 4th of November. By a little effort that change can easily be made.

BEN BUTLER is a mere puppet in this campaign, who dances whenever Blaine and the Republican leaders pull the string. No honest Democrat should throw away his vote on such a political fraud.

WEST VIRGINIA refused to "cast an anchor to the windward" for Blaine, and he is now raving mad about the "Solid South." Blaine's desperation only goes to show that he has lost all hope of success.

Dudley's Infamous Work.
The so-called "resignation" of Colonel Dudley, Commissioner of Pensions, to take effect on the first of November, was a sham and a pretense. Of course it was not intended to be accepted. It was a mere bid to afford him an opportunity to do the most disgraceful and infamous political work that has ever been performed by any man in this country. There are many thousands of applicants for pensions scattered all over this broad land, and each case would have to be considered on its merits, and acted upon in its order, as grading is done in some mills—"the first come, first served." Dudley, to be honest and have respect for his oath of office, could show no preference for one man over another, without subjecting himself to the charge of malfeasance in office. But, to help on the work of keeping the corrupt Republican party in power, and himself in office, he had the names of all the applicants for pensions copied from the official records of his office, and with this list and an army of assistants, he came to Ohio, and, by the aid of his assistants, he visited every county in the State, and with the aid and assistance of the Republican county committees, the Democratic applicants for pensions were personally seen, and a pledge was made to them that if they would vote the Republican ticket, special favors would be shown them, and care taken to see that their applications would receive early and favorable attention, and if the applicant was in needy circumstances an advance of money was made to help him along. All this was done with bribery, to secure the votes of Democrats, but after the election not one of these Democrats will be thought of or cared for. This kind of work, for a public officer, is simply infamous. Dudley has made himself liable to arrest, indictment and punishment, for, until his resignation is accepted, he is still a public officer, and can and will draw his pay out of the public treasury for this illegal and damnable work.

Dudley is now said to be in Indiana, supplementing his work in Ohio. We very much mistake the temper of the Democracy of that State if they quietly submit to such open villainy. He should be treated as any other outlaw is treated, and not allowed to pollute the atmosphere of the State for a single moment.

The Country Must Look to the Democracy for Tariff Reform.
Mr. Gresham, Secretary of the Treasury, made a political speech in New York, last week, in which he frankly admitted that more money was collected and paid into the Treasury, under the existing tariff laws, than is necessary to meet the expenses of the Government, and that a reduction of the duties should be made; but he claimed that the Republicans should be entrusted with the work of making the reduction. Now, it strikes us, that this is a direct attack upon Blaine's miserable twaddle about "protection." It is stands to reason, and every man possessed of a particle of sense knows, that to lessen the people's taxes by reducing the tariff, lessens the "protection" that the tariff affords. Blaine knows this as well as Gresham, but being an arrant demagogue he has not the candor or the honesty to say so, but he deceives the generalities, to tickle the ears, war the judgment and excite the passions and prejudices of the people.

The people have had enough of Republican tinkering on the subject of tariff and are now crying a halt. A Republican Congress at the recommendation of a Republican President, and in obedience to the demands of the manufacturing Republican nabobs of New England, reduced the tariff on wool from 10 to 12 cents per pound, by which the wool-growers of Ohio lose every year over a million and a half of dollars. If a reduction is made (and it will be made) it will be the work of the Democratic party, who will do justice to all classes and all interests, and will not be dictated to or governed by the avaricious manufacturers of New England.

The Irish Against Blaine.
To say that James G. Blaine is now or ever has been the friend of Irishmen in their struggle against the despotic British Government, is a load of twaddle. In truth, all his official acts give lie to the assumption. When Secretary of State he showed his cowardice and un-friendliness to the Irish cause, by allowing Daniel McSwenny, a citizen of the United States, to languish in a loathsome British prison, without making the slightest effort to procure his release. He did not show common civility, courtesy and decency by answering respectful letters, addressed to him by Mrs. McSwenny and others. Blaine's claim to Irish support is shown to be wholly without foundation. His hypocrisy, insincerity and treachery towards Irishmen who are being exposed by the men whose votes he is begging. All the honest and true-hearted Irishmen in the country are against him. McSwenny will not only speak in New York, but in Illinois and Connecticut also, against the man who kept him in a dungeon. At a late meeting of Irish American citizens of New York, Major James Haggerty, well-known as a respectable and influential member of the "Tammany wing" of the local Democracy, said: "Until I saw it could hardly believe that any man holding the exalted office of Mr. Blaine, and calling himself an American, could be guilty of conduct so unworthy. * * * He will not receive the Irish vote, and no power on earth can secure his election. If there had been nothing else against him, this alone would have defeated him."

The Republican Outrage in Cincinnati.
The election act of the United States (see sections 2024 and 2028, Rev. Stat. U. S.) authorizes the appointment of Deputy Marshals in cities containing 20,000 people and upwards, but declares that no man should be appointed a Deputy Marshal unless at the time of his appointment he was a qualified voter of the city, town, county, parish, election district, or voting precinct, in which his duties were to be performed. And yet, it is a fact that Marshal Lot Wright, the obedient tool of the Republican bosses in Cincinnati, appointed some two thousand thugs, thieves and rascals, who had been armed with pistols, knucklers and bludgeons to terrify and drive peaceable citizens away from the polls. If elections are thus to be conducted by the Republican party, we, unfortunately for the country, have control of affairs at Washington, then free Government is at force and mockery and our liberties are at the "baseless fabric of a vision." It is about time for the people to open their eyes to their situation, and drive the usurpers and destroyers of their liberties from power. "He who would be free himself must strike the blow."

BLAINE's talk about the "tariff" being at stake in the present canvass, is the mere vaporing of a beaten demagogue and falsify. The business interests of the country, as well as other interests, will be aided and promoted better by the election of Cleveland and Hendricks than by the success of Blaine and Logan.

JIM BLAINE is not a truthful historian. No where in his book, "Twenty Years in Congress," does he make the slightest reference to the Mulligan-Fisher letter, showing his connection with all kinds of political jobbery and disreputable schemes to put money in his pocket and plunder the treasury.

Grand Reception of Governor Cleveland at Newark, N. J.
By special and pressing invitation from citizens of Newark, N. J., without respect to party, Gov. Cleveland visited that city (the place of his birth) on Monday last. He left Albany at 10 o'clock in the morning, accompanied by the Albany Phalanx, a Democratic organization and a number of personal friends. Although no effort was made to create a demonstration or sensation, after the Blaine Hippodrome fashion, yet, at every point along the route of travel, where the train made its regular stops, the cheering crowds were assembled to greet the President. In Jersey City, especially, where the train stopped to change engines, the crowd was immense, and the cheering was eloquently enthusiastic. Here Gov. Cleveland was met by Gov. Abbott, of New Jersey, Mayor Haynes, of Newark, and the local Committee of Reception. Arriving at Newark the future President was escorted to the residence of Mr. Ballach, where a sumptuous lunch was served. He was warmly welcomed by New Jersey's most distinguished men, among them being Gen. McClellan, Senator McPherson, Chancellor Runyon, Senator Stockton, and several prominent clergymen. The Governor was then driven to the Grand Opera House, where an immense audience greeted him. Gov. Abbott, in behalf of the citizens of Newark, gave him a cordial welcome to the place of his nativity. The Governor responded in an eloquent address, which was received with tremendous applause. Every word he spoke was distinctly heard by every person in the vast audience. When Gov. Cleveland had finished speaking three more vociferous cheers followed, and then Gov. Cleveland, Mayor Haynes, Gov. Abbott and Alderman Smith proceeded to the main floor. Gov. Cleveland took a position just behind the orchestra railing, and he and his wife looked on for what he had done. He also insisted that he never intended doing the Governor any harm.

The parade of the business men of New York, without regard to party, who intended voting for Cleveland, Hendricks and Honest Government, which took place on Saturday, surpassed anything of the kind ever witnessed in that city. Every branch of business was represented, some 20,000 men, and all voters, joining in line. They marched to the music of thirteen bands. Another demonstration of the business men will take place on Saturday.

Blaine will be beaten.

At every point where Blaine spoke in Indiana he raised the bloody-shirt, and to arouse the passions and prejudices growing out of the late civil war, he asked the question, "Do you desire to see the Solid South again in power?" Of course, this kind of political clap-net is highly pleasing to the Republican leaders, who to keep their corrupt party in power are anxious to revive all the bitter feeling that once divided and distracted our beloved country.

The official vote for Congressmen in the Richmond district gives Giddes 690 majority. We give the vote by counties:

	Giddes	Hedges
Ashland	1,353	1,353
Holmes	1,353	1,353
Furness	1,353	1,353
Richland	1,353	1,353
Total	15,330	17,840

The majority for Newman in this district is 763.

The Republican story that Daniel McSwenny, the Irish patriot, became a British subject and threw off his allegiance to the United States when he went back to Ireland, for the purpose of exposing Blaine from doing anything in his behalf when Secretary of State, is shown to be a pure and unqualified falsehood, without a shadow of foundation to sustain it.

This is a life and death struggle with the Republican party. Beaten now and they are beaten forever. They know that a majority of the American people are opposed to giving them a longer lease of power, and hence they hope, by bribery and corruption, to retain control of the Government for four years longer.

Turn the Rascals out!

The Democracy is for Revenue Reform, and that is not free Trade. The Republicans are for "protecting" and legislating money into the pockets of the manufacturers, at the expense of the farmers, mechanics, and producers of the country. The Democracy are for fair dealing, justice and equality. The Republican Party Must Go.

BOR ISEROLL said in San Francisco, yesterday that the great loss got on by Blaine about "protection" is a miserable humbug. "No State in the Union is for free trade," he said, and added: "As long as the Federal Government collects taxes or revenue on imports, just so long these revenues will be arranged to protect home manufacturers."

DANIEL McSWENNY, the noble Irishman, who was, for many long months, incarcerated in a loathsome British dungeon because of the cowardice and inefficiency of Jim Blaine, when Secretary of State, is now doing gallant work for the Democracy in exposing the tattooed man of Maine. He deserves the thanks of his countrymen.

JAMES REDPATH, an old-time Republican and a devoted friend of the Irish cause, has come out squarely against Blaine. He made a grand speech in New York a few days ago, and in "the rights that breathe life into the words that burn," exposed the shallow pretense of Jim Blaine being the friend of Irishmen or the cause of Ireland.

WHEN Blaine reached Illinois he was taken under special charge of Joe Medill, editor of the Chicago *Tribune*, who, although a bitter Republican, is a zealous Free Trader. Medill emphatically told Blaine that his "protection" talk did not go to among the farmers of "Old West," and Blaine at once changed his tune to the "bloody-shirt."

THE Iron Lords of Pittsburgh subscribed \$31,500, and the National Banks of the same city \$35,000 to the Blaine "protection" fund. Republican "protection" enriches the manufacturers, and they can afford to be liberal; but their poor workmen are squeezed to keep silent to keep soul and body together.

MR. DEMING, chairman of the Anti-Blaine Republican Committee in New York, gave some interesting details of the Republican revolt to a *Herald* reporter the other day. "Exclusive of New York city and Brooklyn," Mr. Deming says, "the Republican defection in the State is not less than sixty thousand."

The Republicans realize that fact that the Ohio election did not settle the Presidency, and they are now making superhuman efforts to carry Indiana, Illinois, New Jersey, Michigan, Iowa and Wisconsin, which they regard as doubtful States, with chances that the Democrats will carry most of them.

The Catholic Telegraph and its Reverend editor, Father Ludden, at Albany, N. Y., have forsaken Blaine, and now support Cleveland.

Blaine Not a Fit Man to be President.
No Republican paper has attempted to disprove the charges of corruption made against this candidate for President. Blaine is proven guilty of dishonest and disgraceful acts by his own letters, and by his own admissions. Those letters convict him of acts and crimes that prevented his nomination for President in 1876 and 1880. He has done nothing since to redeem his character, or wipe out the black and damning record he has made. He has received bribes and sold his decisions as Speaker. He has been a partner in nearly every job and speculation connected with the legislation of Congress for the last twenty years. He has been constantly "casting anchors to the windward." He has made himself "useful" in every scheme to grab the people's lands and to deplete the treasury. From a poor man he became a millionaire by his cunning and scheming. They know in their hearts that Blaine is unworthy of their confidence and support. They know that his election would be an outrage to our country. But they don't want the Democrats to come into power! Why? Because they do not wish to surrender the leaves and fishes of office! The Democrats have promised and will give the country a reform of abuses. They will introduce honesty and economy in the administration of the government, which will benefit the publicans and Democrats alike. A change is absolutely necessary for the good of our country.

The Republican Party Must Go.

The crank Boone, who made an assault upon Gov. Cleveland at Albany, because his brother-in-law was not pardoned, has been discharged from custody at the Governor's request, who stated that he had no desire to prosecute the prisoner, and recommended release. Boone said he had been greatly worried over his brother's case and had scarcely slept for several nights. He admitted his conduct had been hasty and said he was sorry for what he had done. He also insisted that he never intended doing the Governor any harm.

THE attempt of Johnny O'Brien to sell out the Republicans of New York city has been a signal failure. His ticket has been repudiated, and the decent Republicans are boiling with indignation, and most of them will vote for Cleveland and Reform.

HON. G. H. BARBER, Chairman of the Democratic State Central Committee, and who is also a member of the Legislature, declares that he will see that the demonstration of the State is properly canvassed before it is reported to the Legislature.

HON. RICHARD J. MERRICK, the able lawyer who so vigorously but vainly prosecuted the Star Route robbers, is making eloquent speeches for Cleveland and Hendricks. The Star Route robbers have been observed, are on the other side.

THE nabobs of New York, headed by John Astor, gave a magnificent dinner, to Mr. Blaine, at Delmonico's on Wednesday evening. It was at Delmonico's that the Republican bosses fasted Dorsey, after he bought Indiana in 1880.

STEVE ELKINS is making himself hoarse by harrying up a business scare in New York, for the purpose of securing election bribe money. That old humbug has played out. The business men are nearly all for Cleveland this Tuesday.

REPUBLICAN desperadoes are this week busy at work endeavoring to buy Indiana a second time. To quote the language of the late Thomas Corwin, they should be "welcomed with bloody hands to hospitable graves."

WE believe Blaine is beaten, but to make sure of the work, every honest man, whether Democrat or Republican, should vote for Grover Cleveland next Tuesday.

THE Republican Rascals Must Go.

THE Democracy of Ohio, at the October election, cast 20,000 more votes than ever before. It was a square and honest vote; and if the same vote is cast next Tuesday, Cleveland and Hendricks will carry the State.

THERE are now 70,000 artisans and laborers idle in half a dozen New England States. Blaine makes no mention of this when he talks about the beauties of the present "protective" tariff.

THE Republicans have given up New York; and they now propose to use the money collected for political purposes in that State to buy New Jersey, Connecticut and Indiana.

THE Republican party must go! There must be a change! A quarter of a century's power is too long for any party.

TURN the Rascals out!

IT will be noticed that Gov. Cleveland's name is not on Mrs. Beecher's "Burn this."

"Don't refuse a sick man."—James G. Blaine.

S. R. GOTHSHALL, ATTORNEY AT LAW, (Prosecuting Attorney.) OFFICE at the Court House, Mt. Vernon, Ohio. (Oct. 28/84.)

BLAINE, after roaming up and down the mountains and through the valleys of West Virginia, in hope of capturing that State, and thus break the "Solid South," but without success, has now opened the floodgates of uttermost against the "Solid South," and has raised the banner of the bloody shirt, in Indiana, with all the bitterness and vindictiveness for which the late Senator Morton was celebrated. Blaine is a malignant man. Blaine has a bad heart. Blaine is unfit to rule the American people.

The Republican Party Must Go.

Said Mr. Beecher in his Brooklyn meeting: "If you vote for Blaine you vote for corruption. If you vote for St. John you vote air, and if you vote for Benjamin F. Butler it will be for mud; but gentlemen, if you vote for Grover Cleveland your vote will be cast for an honest man."

E. J. ORR, the Postmaster at Mineral Ridge, near Cleveland, and of course a Republican, took \$900 belonging to the Government with which to run his store, and he will now be unable to carry a torch in the Blaine processions. His Postmaster will be appointed at Mineral Ridge.

BLAINE's bloody-shirt speeches against the South will lose him thousands of votes among the business men of the North, who wish to see peace, friendship and good-will prevail all over this broad land, and who are anxious to secure trade and custom in every section of the Union.

SINCE the Blaine hippodrome left Indiana the Democrats have taken possession of the State. Their meetings during the past week have surprised and dumfounded the Republicans. We predict that Blaine will not see her vote for Cleveland and Hendricks.

ANOTHER batch of letters from Blaine to his election agents are printed on first page of this week's *Banner*. They speak for themselves. No honest man ever wrote such letters. It will be a national disgrace to elect such a man President of these United States.

THE attempt of Johnny O'Brien to sell out the Republicans of New York city has been a signal failure. His ticket has been repudiated, and the decent Republicans are boiling with indignation, and most of them will vote for Cleveland and Reform.

LOCAL POLITICS.

One More Charge Along the Line and the Battle is Ours.

The Republican Forces in Ohio are Dis-mayed and Des-perate.

As Defeat and Disaster En-compass Them in Every Direction.

Cleveland, the Man of Des-tiny, Will be the Next President.

And Ohio Will Help Swell His Majority, if Dem-o-crats Do Their Duty.

Old Knox Will Do Her Part to Obtain Victory.

But to Do This Requires Every Democratic Vote.

Hon. Clark Irvine, by invitation, delivered an address before the Mt. Vernon Cleveland and Hendricks Club, of which he is President, on Saturday evening last. He was frequently interrupted by warm applause. He discussed the tariff question in a clear and masterly manner, and in strong language showed that the Republican members of Congress were alone responsible for the reduction of the tariff. He said that the tariff was not before the people, and could not therefore be a Republican issue. He said that St. John was not a Republican issue, and that the tariff was not before the people, and could not therefore be a Republican issue. He said that St. John was not a Republican issue, and that the tariff was not before the people, and could not therefore be a Republican issue.
